Here, we would like to report about the Author-Editor Conflict in a paper [1]:

Title: Epidemiological insights into paratuberculosis in camels in Saudi Arabia: Bayesian estimation of true prevalence and identification of risk factors

Authors: A. Al Naeem, M. Salem, F. Housawi, K. Al-Mohammed Salem, J. Hussen, M. Fayez, A. Zaghawa, P. Kostoulas

Editor: A. K. M. Anisur Rahman

DOI: 10.1371/journal.pone.0299881

Show author details

Risk factors and true prevalence of bovine tuberculosis in Bangladesh

Md. Nazimul Islam, Mohammad Kamruzzaman Khan, Mohammad Ferdousur Rahman Khan, Polychronis Kostoulas, A. K. M. Anisur Rahman, Md. Mahbub Alam

Published: February 26, 2021 • <https://doi.org/10.1371/journal.pone.0247838>

The editor (Rahman) and one of the authors (Kostoulas) co-authored in 3 papers (2 in PLoS ONE) [2-4] during 2019 and 2024, suggesting the editorship of Rahman was against the policy of PLoS ONE.
